PROJECT BACKGROUND

On September 26, 2017, the Roanoke County Board of Supervisors established a new project in the Virginia Department of Transportation (VDOT) Secondary System Six-Year Improvement Program to design and construct Fallowater Lane Extension. See staff Board Report attached.

This specific project begins the implementation of this recommendation. It is limited to a section of road, designated as Fallowater Lane Extension, from Almond Road to Chevy Road, a distance of approximately 0.25 miles. It is anticipated that the section of road from Electric Road to Almond Road will have an urban local designation with curb and gutter and sidewalk on one side. The existing pavement shall be incorporated into the new road to the extent possible. An important consideration will be to maintain access to the existing businesses during construction and to minimize any adverse impacts to them. A design exception may be needed from VDOT due to the proximity of the existing entrance into the Shell station on VA Route 419. The estimated construction cost is \$1,800,000.

This project is being performed as a Locally Administered Project (LAP) with VDOT (no federal funding). Roanoke County will administer the Preliminary Engineering (PE) phase and VDOT will administer the Right of Way (ROW) phase. The Construction (CONS) phase may be administered by Roanoke County, or by VDOT. A final determination of how the Construction phase will be performed will be determined at a later time.

All work provided by the selected consultant shall comply with the requirements contained in the latest edition of VDOT's Locally Administered Projects Manual (LAP Manual), including all references.

SCOPE OF WORK

The County of Roanoke is soliciting proposals from qualified firms for professional services for design and construction administration of Fallowater Lane Extension. The following specifications are provided for your review and consideration:

The work consists of providing services to collect required information to support road design and construction, design the road with associated utilities, assist VDOT with right of way acquisition, identify and address environmental issues and obtain necessary permits, prepare construction bidding documents, coordinate bidding, provide construction inspection and administration, and provide project close out services. All work shall meet all of the VDOT requirements for non-federal projects, contained in the LAP Manual. VDOT's LAP Manual may be accessed at http://www.virginiadot.org/business/locally_administered_projects_manual.asp.

Work includes, but may not be limited to:

- Participation in project status and coordination meetings with the County, VDOT, and others as appropriate.
- Prepare VDOT forms, maintain project files, and deliver complete files to the County as required by the LAP Manual.
- Perform adequate field survey to locate property lines, topography, above and below grade utilities, and other site improvements.
- Perform adequate investigations to determine condition of the existing pavement to determine to what extent it may be used in the proposed road.
- Coordinate with existing utility owners.

- Prepare construction documents for road construction. Documents will be submitted for County and VDOT review at 30%, 60%, and 90%.
- Provide final construction documents and prepare bidding documents.
- Provide appropriate stormwater management.
- Coordinate with Virginia Department of Historic Resources and VDOT to identify and address any environmental issues.
- Prepare environmental permit applications.
- Prepare supporting documentation for VDOT use in the Right of Way Phase.
- Coordinate utility relocations with utility companies.
- Prepare advertisement for bid.
- Participate in a Pre-Bid Meeting and respond to bidders questions. Prepare addenda.
- Provide construction inspection and construction administration services.
- Lead periodic construction status meetings.
- Address construction issues as they arise. Respond to RFI's. Review Requests for Change Orders and other submittals.
- Review Contractor's Request for Payment Applications and provide payment recommendations.
- Perform Substantial Completion and Final Inspections.
- Prepare Record Drawings and perform other project close out services.

Details of the scope of work may change during the project as Roanoke County decides whether it will administer the Construction phase, or not.

SELECTION PROCESS/AWARD OF CONTRACT

As this is a Request for Proposal, no information regarding the identity of neither the vendors nor the contents will be released until after the negotiation process.

Proposals may be ranked without interviews; hence, firms are encouraged to submit their initial proposals as comprehensively as possible.

The selection process will be in accordance with **Section 2.2-4301** of the Code of Virginia:

3(a). Procurement of Professional Services. *The public body shall engage in individual discussions with two or more Offerors deemed fully qualified, responsible and suitable on the basis of initial responses and with emphasis on professional competence, to provide the required services. Repetitive informal interviews shall be permissible. The Offerors shall be encouraged to elaborate on their qualifications and performance data or staff expertise pertinent to the proposed project, as well as alternative concepts. The Request for Proposal shall not, however, request that Offerors furnish estimates of man-hours or cost for services. At the discussion stage, the public body may discuss nonbinding estimates of total project costs, including, but not limited to, life-cycle costing, and where appropriate, nonbinding estimates of price for services. Proprietary information from competing Offerors shall not be disclosed to the public or to competitors.*

At the conclusion of discussion, outlined in this subdivision, on the basis of evaluation factors published in the Request for Proposal and all information developed in the selection process to this point, the public body shall select in the order of preference two or more Offerors whose professional qualifications and proposed services are deemed most meritorious. Negotiations shall then be conducted, beginning with the Offeror ranked first. If a contract satisfactory and advantageous to the public body can be negotiated at a price considered fair and reasonable, the award shall be made to that Offeror. Otherwise, negotiations with the Offeror ranked first shall be formally terminated and negotiations conducted with the Offeror ranked second, and so on until such a contract can be negotiated at a fair and reasonable price. Notwithstanding the foregoing, if the terms and conditions for multiple awards are included in the Request for Proposal, a public body may award contracts to more than one Offeror.

Should the public body determine in writing and in its sole discretion that only one Offeror is fully qualified, or that one Offeror is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that Offeror.

3(b). Procurement of other than professional services. Selection shall be made of two or more Offerors deemed to be fully qualified and best suited among those submitting proposals, on the basis of the factors involved in the Request for Proposal, including price if so stated in the Request for Proposal. Negotiations shall then be conducted with each of the Offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each Offeror so selected, the public body shall select the Offeror which, in its opinion, has made the best proposal, and shall award the contract to that Offeror. When the terms and conditions of multiple awards are so provided in the Request for Proposal, awards may be made to more than one Offeror.

Should the public body determine in writing and in its sole discretion that only one Offeror is fully qualified, or that one Offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that Offeror.
