3. Is it possible to provide us with a previous year usage for Freon of the "Fluids, Cleaners, & Lubricants" category?

Answer: From April 01, 2017 to March 31, 2018 we have used 76 pounds of R134 refrigerant.

4. The sheet list generic categories and price off list, some items in these categories have different list margins so i.e. a brake drum may get 45% off list while a rotor may get 65% off list or vise versa. Also some items may not have a list price and be priced off a jobber price.

Answer: We are asking for discount percentages off of the list price for the categories. Please specify the differences for each category if able to provide more generous discounts for items such as the example above. Bidders may also attach additional documentation if necessary.
