

Plantation Road Bicycle, Pedestrian and Streetscape Improvement Project Update

This email is intended to update residents, businesses and others interested in the Plantation Road Project on the status of construction.

Plantation Road Construction Activities

Construction of the Plantation Road Project is nearing completion. Before the project is finalized, lane closures will be needed to allow for additional work. This work should begin this week and will continue intermittently over the next few months. Please bear with us as we complete this important County project.

Lila Drive Turnaround

Bowman Excavating completed construction of a turnaround at the end of Lila Drive, between Harris and Wells Fargo, in May. The road was also repaved from Plantation Road to the new turnaround. At the August 28th Board of Supervisors meeting, Roanoke County will request VDOT incorporate Lila Drive into the public Secondary Road System.

Contact Information

Contact David Henderson, County Engineer, with any questions by phone at (540) 772-2083 or by email at dhenderson@roanokecountyva.gov.
