**Questions**

1. Any utilities crossing this area?

Answer: *There is a sewer line and a water line along the stream. We believe that it is far enough off of the stream to not be a conflict, but this will need to be verified by the designer.*

2. I forgot to ask if the references we need to provide can only be from locality projects or if we can use references from state government projects such as VDOT or VDGIF?

Answer: *They may use references from whatever projects that they believe best represent their ability to perform this project for Roanoke County.*

**3. Meeting Notes:**

A Vendor asked, is the County looking to do anything with the Bridge? Mr. Henderson answered, no not at this time.

Should we keep the Greenway as is? Mr. Henderson answered, we would consider.

How do you feel about removing trees? Mr. Henderson answered, we want a stable project that will provide as little maintenance as possible. We want to save the trees but I'm sure it's a balance.

Is the County interested in an overhaul of the whole stream? Mr. Henderson answered, we are interested in doing what is cost effective.

Is this a reimbursement Grant? Mr. Henderson answered, how we get our money is immaterial the County pays their bills.

Are you able to get credits? Mr. Henderson answered, no we are not a Phase 2.
