**Weather Service for Roanoke County**

1. Will the county of Roanoke personnel also in addition to requiring what is listed for weather data, also call our staff of meteorologists at any time of day or night, especially in a storm situation?

*Answer: I do not believe we would be calling a meteorologist for anything. I don't think we have in the past unless we called a local meteorologist.*

2. What did the current or previous provider charge you for this service (answer both these questions under FOIA; Freedom of Information Act).

*Answer: \$2,844.00 per year*
