**(Local Prevailing Time)**

**Addendum No. 3**  
**IFB 2021-087**

1. Bidders are to include a \$2,000 allowance for potential replacement of the loop. The contractor is expected to use care during removal of the asphalt with the intention of salvaging and reusing the existing detection loop. If salvage & reuse is not possible the allowance will be used to cover the replacement of the loop. The allowance will be reconciled upon completion of the work.
2. Loop diagrams have been attached.
