KC 1000 PPO Prescription Drug Plan Information

	<u>Retail Pharmacy</u> 30 Day Supply	<u>Home Delivery</u> 90 Day Supply
Generic Drugs	\$10	\$20
Preferred Brand-name Drugs	\$25	\$50
Nonpreferred Brand-name Drugs	Greater of: \$40 or, 20% coinsurance up to \$100 maximum per prescription	Greater of: \$80 or, 20% coinsurance up to \$200 maximum per prescription

Out of Pocket Maximum

KC 1000 PPO Plan	\$2,500 per Member / \$14,300 per Family
------------------	---

90 Day Supply at Retail: A 90-day supply of Maintenance Medications ONLY can be filled at participating retail pharmacies for 2-times the applicable retail copay.

Note:

If a member requests a brand drug when a generic drug is available, the member will be responsible for the brand copay plus the difference in cost between the brand drug and the generic drug. If a doctor requests a brand drug when a generic drug is available, the member will only pay the brand copay.

For short-term prescriptions, such as antibiotics, use a participating retail pharmacy

As a member, you can go to any of nearly 60,000 retail pharmacies, including most major drugstores. Just ask your retail pharmacy if it's in our network. You can also log in to WellDyneRx.com to locate a participating pharmacy.

Use generics and preferred medications. If you are taking a medication that's not on the preferred list, ask your doctor to consider prescribing a lower-cost generic or preferred brand-name drug. To find out which drugs are preferred, log in to WellDyneRx.com and to review your plans 2020 Clinical Focus formulary under 'Manage Prescriptions'.

Prior Authorization: When is a coverage review necessary?

Some medications are not covered unless you first receive approval through a Prior Authorization review. This review uses plan rules based on FDA-approved prescribing and safety information, clinical guidelines and uses that are considered reasonable, safe and effective.

There are other medications that may be covered, but with limits (for example, only for a certain amount or for certain uses), unless you receive approval through a Prior Authorization review. During this review, WellDyneRx asks your doctor for more information than what is on the prescription before the medication may be covered under your plan. To find out whether a medication requires a Prior Authorization review, your doctor can send a prior authorization form by fax to 1-888-473-7875, or call 1-866-240-2204 to speak to a Prior Authorization Specialist.

Specialty medications: Get individualized service through US Specialty Care

Specialty medications are drugs that are used to treat complex conditions, such as cancer, growth hormone deficiency, hemophilia, hepatitis C, immune deficiency, multiple sclerosis and rheumatoid arthritis.

Whether they're administered by a healthcare professional, self-injected, or taken by mouth, specialty medications require an enhanced level of service. By ordering your specialty medications through US Specialty Care, you can receive:

- Toll-free access to specialty-trained pharmacists and nurses 24 hours a day, 7 days a week
- Delivery of your medications within the United States, on a scheduled day, Monday through Friday, at no additional charge
- Most supplies, such as needles and syringes, provided with your medications
- Safety checks to help prevent potential drug interactions
- Refill reminders
- Up to a **30 day supply** of your specialty medication for just one copayment:
