Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$1,000 /member or \$2,000 /family for In- Network Providers . \$1,500 / member or \$3,000 /family for Out-of- Network Providers .	Generally you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care for In- Network Providers .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the Medical out-of-pocket limit for this plan ?	\$3,500 / member or \$7,000 /family for In- Network Providers . \$5,250 / member or \$10,500 /family for Out-of- Network Providers .	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. There is a separate \$2,500 Prescription Drug out-of-pocket maximum per member/year.
What is not included in the out-of-pocket limit ?	Cost share of adult routine vision care, Premiums , Balanced-Billed charges, and Health Care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes, KeyCare. See www.anthem.com or call 1-800-451-1527 for a list of Network Providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-
