Grease Trap Services

for

Western Virginia Regional Jail by Roanoke County

ADDENDUM NO. 1

Answers to Questions

Due Date & Time:

April 11, 2022 2:00PM
(Local Prevailing Time)

**Addendum No. 1
RFP 2023-084
Grease Trap Services**

1. Just wondering if there is a specific time frame for this to be done on the scheduled day?

Answer: Pumping hours are 7:30am – 430pm weekdays only

2. Our disposal site is 2 hours away and we will have to make two trips so it will be a 12 hour or less run for us to completely evacuate the tank. From first load to getting back for their second load will be 5-6 hours give or take. Will that be fine?

Answer: As long as it is done between the hours of 7am – 430pm weekdays only

3. May be less time on site depending how bad the tanks are as I have them as being on site each trip for 3 hours. Or are there a few different tanks on site to be evacuated?

Answer: We have 1 tank that needs to be pumped.

4. If so, can this be done within a two-day span to clean all tanks?

Answer: 2 days of pumping to empty the tank would be fine if done during normal business (7:00am - 4:30pm).
