## Survey Comment #12

*Please, pave the shoulder on Road 221 from Poages Mill Road to Poages Mill Road Extension, so we can ride the bicycle without risking our lives. Poages Mill Road Extension is a very used access to the Parkway and Bent Mountain on back roads.*

## Survey Comment #17

*Need Guardrails, I have had 4 cars wreck in my front yard.*

## Survey Comment #18

*I agree that working toward a safer speed limits on Rt. 221 is essential. Getting rid of graffiti on abandoned buildings would improve community appearance.*
