This Addendum # 2 Contains the below information:

#### 1) Questions and Responses

#### **1)Questions and Responses**

- 1) Is the existing storm water management facility between lots 1 and 2 that appears to serve the Vinton Business Center sufficient for the development of Lots 1, 2 and 4? Or does the storm water management facility need to be modified for quality and quantity?
  - a. There will be a due diligence period where the selected developer's engineer can evaluate the stormwater facility.
- 2) The public portion of Cardinal Park Drive appears to end in a cul-de-sac adjacent to the storm water management detention facility and before access to the Cardinal Glass facility. Will Cardinal Park Drive be extended as a public road to access Lot 2? Will an easement be in place?
  - a. This will be part of the negotiation with the selected developer.
- 3) Are any road improvements necessary to add residential traffic on Cardinal Park Drive?
  - a. The road improvements would be up to the selected developer.
- 4) Is there a preference by Roanoke County for the existing improvement (barn) to be renovated?
  - a. The proposals will be evaluated based on development of the parcels, including the barn, for highest and best use.
