ADDENDUM NO. 1 TO ALL BIDDERS/OFFERRORS:

Reference: IFB 2025-070 Network Equipment for Roanoke County Public Schools

Issue Date: December 16, 2024

Proposal Due: January 21, 2025

The above Project is hereby changed as addressed below:

Responses to Questions Submitted: please see below for questions submitted by prospective bidders, and the responses provided by RCPS.

1. Could you confirm if the PWR-C1-1100WAC-P units listed are redundant power supplies?
The power supplies listed in the bid are for additional power for the switches. This would be in addition to the power supplies that come originally in the switches. The additional power supplies will give the needed power for our wireless access points. They represent an additional power supply per IT closet at each school location. There are 2 IT closets at Mount Pleasant Elementary, and 5 IT closets at Glenvar Middle School.
2. Do you require 8 10G fiber ports in the switch or is a switch with 4 10G fiber ports acceptable?
We require 8 ports of 10GB fiber connectivity for connecting closets and servers.
3. If 8 10G fiber ports are required, would 2 switches with 24 copper ports plus 4 10G fiber ports be acceptable and meet the requirements?
Bidding two additional switches with 24 copper ports plus four 10GB fiber ports would be acceptable as an equivalent, as long as the materials bid include the required number of 48 port powered switches. All modules and cables to connect switches must be included.
Bidders must provide clear documentation validating the equivalency of any such deviations.

Note: A signed acknowledgment of this addendum must be received at the location indicated on the original solicitation either prior to the proposal due date or attached to your proposal. Signature on this addendum does not substitute for your signature on the original proposal/bid document. The original proposal/bid document must be signed.

Thank you,
Kate Hoyt
